**Operational Improvements**  
**Spotsylvania County**  
Virtual Design Public Hearing

**Wednesday, January 6, 2021, 6 p.m.**  
<https://www.virginiadot.org/Route3Spotsylvania>

**Find out** about the proposed plans to enhance capacity and improve traffic flow by eliminating the right turn lane bump-out areas along Route 3 westbound between Route 639 (Bragg Road) and Chamber Drive. This will allow this lane to be used by through traffic and by traffic turning right. On Route 3 eastbound, a concrete island at the right turn lane to Mall Drive will be modified, and the right lane will become a shared through travel and right turn lane. Dual right turn lanes from northbound Mall Drive to Route 3 eastbound will be built, controlled by a dedicated traffic signal.

The hearing will be held as a **virtual/online** event. VDOT representatives will make a presentation beginning at 6 p.m. and be present to answer questions after the presentation is completed. The presentation will be available for review throughout the comment period.

Project information is available on the project website, listed above, or can be reviewed after the hearing at VDOT's Fredericksburg District Office located at 87 Deacon Road, Fredericksburg, VA 22405.
